Dear Sir:-

Yours of 20th inst. in regard to stamp collection at hand. As I told you I am very much in need of money but I do not care to give away my collection. You say you can buy from another collection at 2/3 off catalog. prices, but you want to buy mine at 75% off. There are many unused stamps in my collection and that would be selling them at much less than face value - Canadian Jubilee and U. S. for instance. Another thing, you want to pick out my best stamps and leave me with a lot of worthless stamps which I could not easily dispose of. I realize

that "business is business" but I did not think a collector would be so close with a fellow collector and not offer their market value at least. I cannot sell the collection except as a whole unless you would be willing to buy every stamp catalogued at over 50¢ at 50% discount, returning to me all catalogued under that price.

You have not taken pains to add up the catalog. price of stamps in my collection or you would see for yourself that it will catalog at least $200. It cost me $150. at the least. If you want the collection at $75.00 (seventy-five dollars) you may have it but I will not sell for

less if I have to keep it all my life. If you do not care to accept my propositions please select foreign stamp or stamps to pay express both ways and return the rest.

I shall wait until the season opens and sell to Chicago parties who will pay me $5. for collection.

Yours truly
H. E. Truex.

Mr. Chapman :-

After looking over my stamps and receipts for amts paid out I find out that collection cost me about $200.00. I think it will catalog over $250.

Respectfully

Philadelphia.

Gentlemen:-

Yours of Nov. 4th received. In reply will say that you may retain stamps to the amount of $2.74 as stated and you may have 5¢ Hawaii, bust and $1.00 Provisos black, Hawaii for $4.00. If you think you cannot ~~sell~~ sell the remainder of collection please return same to me.

Respectfully
H. E. Truex.
